## ANTI-TRUST MEASURE

SENATE COMMITTEE ON JUDICIARY  
WILL REPORT ON THE  
LITTLEFIELD BILL.

## IMPORTANT CHANGES MADE

Complete Substitutes Recommended  
for Sections 6 and 7 of the House  
Bill—Scope of Provision Prohibiting  
Persons Engaged in Violating the  
Law From Using Interstate Com-  
merce Instrumentalities Enlarged.

Washington, Feb. 17.—The senate  
committee on the judiciary during the  
day concluded consideration of the  
Littlefield anti-trust bill and decided to  
report it to the senate with a number  
of amendments. The most important  
changes were made in connection with  
Sections 6 and 7 of the house bill, for  
which the senate committee will re-  
commend complete substitutes. Sec-  
tion 6, as the bill passed the house  
prohibited persons engaged in violat-  
ing the provisions of the law from us-  
ing any of the instrumentalities of  
interstate commerce. This purpose is  
retained in the substitute of the sen-  
ate committee, but the scope of the  
provision is much enlarged.

Corporations Hereafter Organized.  
The new section also prescribes the  
conditions under which it shall be un-  
lawful for any corporation hereafter  
organized to engage in interstate com-  
merce.

Section 7 of the house bill imposed  
a fine of \$5,000 on common carriers  
for the violation of this act or the ex-  
isting interstate commerce law. The  
substitute uses the word "Corporation"  
instead of the words "common  
carrier" and provides for a forfeit to  
the United States.

A fine of \$5,000 or imprisonment for  
five years or both is imposed on per-  
sons who may knowingly cause or aid  
any corporation to violate these stat-  
utes.

It was over these two substitutes  
that the committee had its sharpest  
contest and closest votes. They were  
carried by the full Democratic vote  
with the assistance of three Republi-  
cans.

Many other changes were made in  
the text of the bill.

Rebate Section Stricken Out.

Section 5, pertaining to rebates, is  
stricken out entirely because the ques-  
tion of rebates is covered by the El-  
kins' bill, which already has passed  
both houses. Section 8 was not  
changed, but Section 9 authorizing  
and defining the legal process for en-  
forcing the law, was cancelled. That  
provision was taken out of the bill be-  
cause the ground is covered by the  
substitute for Section 7. Section 10  
was not changed, but the house pro-  
vision in Section 11, the last section  
of the bill, was materially modified.  
The house bill awards damages  
"threefold" to persons or corporations  
injured by other persons or corpora-  
tions, under the provisions of the pro-  
posed act. The committee struck out  
the word "threefold," providing only

for damages and costs of suit.  
Senator Nelson offered a substitute  
for the entire bill, specifically declar-  
ing against mergers on the part of  
combinations, but it was not accepted.

## REFUSES TO SEE CALLERS.

Dr. Ames Not Anxious to Be Inter-  
viewed.

Nashua, N. H., Feb. 17.—Dr. Albert  
Alonso Ames would not see callers  
during the day. Rev. Mr. Chapin, in  
whose home Dr. Ames is the guest,  
says that he anticipates trouble for  
sheltering a man charged with crime.  
As to Mrs. Ames, he said that her  
home was in Ackworth, in this state,  
and that after marrying a man there  
she went West with him and subse-  
quently went on the stage. Later her  
first husband obtained a divorce and  
a few months after she married Dr.  
Ames.

The arrival of the Ames family here  
in December was entirely unexpected.  
Mrs. Ames and her five-year-old daugh-  
ter came first and the doctor followed  
two weeks later.  
During the afternoon three physi-  
cians, Dr. Quessen of Hancock, Dr.  
Prouty of Keene and Dr. Cutler of  
Peterboro, made an examination of Dr.  
Ames at the request of Attorney Hem-  
blett, with a view to issuing a certifi-  
cate showing his inability to attend  
the extradition hearing at Concord on  
Wednesday.

Before her departure for Hancock in  
the afternoon Mrs. Ames declared to a  
friend that her husband was guilt-  
less of any crime. As to his condition,  
she said he suffered from kidney dis-  
ease.

## TAKES FIRM STAND.

Minister Powell Refuses to Recede  
From His Position.

San Domingo, Feb. 17.—The min-  
ister for foreign affairs during the day  
made public a dispatch received from  
Secretary of State Hay announcing  
that the Dominican envoy who is to  
represent Santo Domingo's case at  
Washington would be received and  
heard, but pointing out that Minister  
Powell was entrusted with the task of  
conducting and concluding the nego-  
tiations in regard to the claims of  
American citizens against Santo Do-  
mingo.

Secretary General Sanchez informed  
Mr. Powell that the pending cases will  
not be further considered until after  
the return of the Dominican commis-  
sioner from the United States, to  
which the American minister replied  
that the cases referred to will not ad-  
mit of any further delay in their set-  
tlement. He added that he cannot  
await the return of the commissioner  
from Washington and notified the se-  
cretary general that a settlement must  
be effected within a few days.

The determined stand taken by Mr.  
Powell for the purpose of having the  
Clyde line and Ross cases settled sur-  
prised the Dominican government and  
it is believed the latter must yield.

## IN MEMORY OF ADAMS.

Services at Madison Attended by  
Noted Wisconsin Men.

Madison, Wis., Feb. 17.—Memorial  
services for the late President Charles  
Kendall Adams of the University of  
Wisconsin, which were held during the  
day, were participated in by the entire  
faculty and a number of state officials,  
including Governor LaFollette. Fif-  
teen hundred students and citizens  
also attended. Acting President E. A.  
Riggs of the University of Wisconsin  
and President Angell of Michigan uni-  
versity delivered addresses.

## CONFIRMS NOMINATION

SENATE MAKES GEORGE B. COR-  
TELYOU HEAD OF NEW  
DEPARTMENT.

## NO OPPOSITION MANIFESTED

Senator Depew Asked for Immediate  
Action on Recommendation and It  
Was Taken—Mr. Cortelyou Was  
Born in New York City, and is De-  
scended From a Family Distinguish-  
ed in the History of Empire State.

Washington, Feb. 17.—The senate  
during the day confirmed the nomi-  
nation of George B. Cortelyou to be se-  
cretary of commerce and labor under  
the act creating the new department.  
The nomination was referred to the  
committee after the senate went into  
executive session the committee was  
polled on the vote. Senator Depew  
reported the nomination with a favor-  
able recommendation. He asked for  
immediate action and as there was no  
opposition, Mr. Cortelyou was con-  
firmed.

Personality of Cortelyou.  
Secretary Cortelyou is a man of at-  
tractive personality, a scholar of abil-  
ity and admirable training and a pub-  
lic official of genius. In politics he is  
a staunch Republican, but his present  
position has been achieved rather by  
merit than by political favor.

Mr. Cortelyou was born in New York  
City on July 26, 1862. He is descend-  
ed from a distinguished family, his  
ancestors being among the leaders in  
the colonial and revolutionary history  
of the state of New York.

## NO DEBATE ON STATEHOOD.

Senate Tabooes That Subject and  
Passes Other Bills.

Washington, Feb. 17.—There was  
no debate on the statehood bill in the  
senate during the day. The Indian  
appropriation bill and the Philippine  
currency bill both were passed. Mr.  
Vest, while the Indian bill was up,  
called attention to a point of order  
which had been made against one of  
its provisions, on the ground that it  
was new legislation. The senate, he  
said, had passed the government bill  
as a rider to the army appropriation  
bill and yet ruled other provisions out.  
All rules, he said, were violated when  
a majority was in favor of any mea-  
sure.

The bill then was passed.  
The statehood bill then was taken  
up. Mr. Morgan, as a question of pri-  
vilege, had read a recent communica-  
tion addressed to him by Rafael Reyes,  
Colombian minister to Mexico, and  
which appeared in the public press.

## Denying the Accuracy

of a certain statement alleged to have  
been made by Morgan in the senate  
on Feb. 12, that the president of Col-  
ombia had sold out and abdicated for  
\$1,000,000. He declared that if any-  
thing was said by him it was in secret  
session of the senate. Reyes, he said,  
seems to be determined on the success  
of the Panama scheme. "The coinci-  
dence of the double assault on me,"  
he said, "is quite cute enough to have  
been enacted in the Panama canal  
school and is brazen enough to have  
been prepared in the office of a New  
York railroad wrecker."

"I did not say," he continued, "at  
any time that the president had re-  
ceived \$1,000,000 as pay for resigning.  
I said that after he received \$1,000,000  
in April, 1900, he retired to his home  
and the vice president was substituted  
in his place."

At 4:10 the senate went into exec-  
utive session and at 4:40 p. m. ad-  
journed.

## DISPOSES OF BILLS.

House Acts on a Number of Measures  
Under Suspension of Rules.

Washington, Feb. 17.—The house  
disposed of a number of bills during  
the day under suspension of the rules,  
defeating two. The most important  
measure passed was the senate bill  
to amend the railroad safety appliance  
law. A special order was adopted  
which practically will make the Pow-  
er currency bill a continuing order for  
the remainder of the session, not, how-  
ever, to interfere with conference re-  
ports, appropriation bills and other  
privileged matters.

## SEQUEL TO MERGER LITIGATION

New York Stock Exchange to Take  
Action Against Members.

New York, Feb. 17.—According to  
trustworthy reports some announce-  
ment will be made by the Stock Ex-  
change during the week regarding the  
Peter Power-Northern Pacific litiga-  
tion of last year which involved the  
good faith and standing of several  
Stock Exchange brokers. It is known  
that the governors, acting under legal  
advice, have made a searching inves-  
tigation of the affair and it is believed  
that severe measures will be taken  
against the offenders.

## BY EUROPEAN CONGRESS.

Plan of Russia and Austria to Procure  
Reforms in Macedonia.

Vienna, Feb. 17.—It is rumored that  
in the event of Turkey failing to ex-  
ecute the demanded reforms in Mac-  
edonia, Russia and Austria will con-  
voke a European congress to deal with  
the situation.

## LOSS OF LIFE REPORTED.

Severe Storm Raging Throughout the  
South.

Louisville, Ky., Feb. 17.—Rain, snow  
and sleet combined in many places  
with high winds, prevailed throughout  
the South during the night.

As a result railroad traffic is delay-  
ed, while in a number of cities the  
street railway traffic is almost at a  
standstill.

Reports from Tennessee, Arkansas,  
Mississippi, Northern Texas, Alabama,  
Georgia and all parts of Kentucky tell  
of damage done by the blizzard, of  
swollen streams and suffering on the  
part of man and beast, of traffic of all  
kinds delayed and in some instances  
of loss of life.

In Louisville the snow is four inches  
deep and a strong wind is piling it in  
drifts to the detriment of the street  
railway company.

In Memphis, Tenn., the snow and  
sleet interfered with the operation of  
the trolley cars and the telegraph and  
telephone wires.

At Fort Worth and Dallas, Tex., the  
snowfall was heavy, and a general  
blizzard prevailed throughout the  
Southwest.

## HEAVY SNOW IN OHIO.

River Men Warned to Prepare for Ris-  
ing Water.

Cincinnati, Feb. 17.—The heaviest  
snow storm of the winter struck the  
Ohio valley during the day. Follow-  
ing the heavy rains of Saturday and  
Sunday and a sleet storm Sunday  
night, snow began falling early in the  
morning, and from five to eight inches  
of snow now covers the ground.

The heavy rains of Sunday and the  
succeeding snow caused a rapid rise  
in the Ohio river at all points from  
Pittsburg to below Cincinnati. Fore-  
caster Bassler has issued a flood  
warning, telling all river interests to  
prepare against a rise from Cincinna-  
ti down.

## WEATHER MODERATING.

Loss of Stock Light in South Dakota  
and Nebraska.

Omaha, Neb., Feb. 17.—The weather  
has moderated rapidly since noon and  
at 7 o'clock p. m. the temperature was  
at zero. Cold weather continues  
throughout this portion of the West,  
but a higher temperature is sweeping  
in. In the evening Huron reported 12,  
North Platte 1, Schuyler 8, Valentine  
8, O'Neill and Norfolk 5 degrees below  
zero, a rise of from 6 to 10 degrees  
since morning. Reports from the  
range indicate that stock in Western  
Nebraska and Southern Dakota has  
suffered some, but owing to little snow  
covering the grass, the loss has been  
light.

## COLD IN WYOMING.

Cattle and Sheep Slowly Famishing  
on the Ranges.

Cheyenne, Wyo., Feb. 17.—Reports  
from nearly every section in Wyoming  
are to the effect that the weather  
throughout the state is intensely cold.  
It has ceased snowing. Stock on the  
ranges, especially that which started  
the winter in poor condition, is suffer-  
ing severely and heavy losses are pre-  
dicted. The open country is covered  
with snow to an unusual depth, and  
cattle and sheep are slowly famishing,  
being too weak to paw the snow from  
the ground.

## FURIOUS WIND STORM.

Number of Persons Reported Killed or  
Injured in Georgia.

Atlanta, Ga., Feb. 17.—A special to  
the Constitution from Royston, Ga.,  
a station on the Southern railway,  
says that a furious wind storm passed  
over the town of Bowman in Elbert  
county in the afternoon, demolishing  
several houses and killing or injuring  
a number of persons. The wires are  
down beyond Royston and further par-  
ticulars cannot be obtained.

## SNOW FOLLOWS SLEET.

Surface Roads in New York Experi-  
ence Difficulty in Operating.

New York, Feb. 17.—After a day of  
sleet and drizzling rain, snow began  
to fall at dusk. The fall was heavy  
and fast, and at 11 o'clock had reached  
a depth of four inches. The storm did  
not cause material delay on the ele-  
vated roads but the surface lines had  
some difficulty in keeping up to their  
schedule time.

## High Winds Prevail.

Jacksonville, Fla., Feb. 17.—High  
winds prevailed during the day, reach-  
ing a velocity of 77 miles an hour in  
the night. The storm temporarily in-  
terfered with the telegraph and tele-  
phone service and parts of the city  
are now in darkness. Every wire ex-  
cept the one in use by the Associated  
Press is down.

## All Trains Delayed.

Bloomington, Ill., Feb. 17.—The tem-  
perature at midnight in Central Illi-  
nois dropped to 12 degrees below zero.  
All trains are delayed. Snow drifting  
near Barnes and Elliott held Illinois  
Central and Lake Erie and Western  
trains several hours.

## Coldest for Years.

Santa Fe, N. M., Feb. 17.—It was  
5 degrees below zero at Santa Fe in  
the morning, the coldest for years. All  
over New Mexico from Sonora north  
snow is from two to twenty-four  
inches deep, which will provide the  
spring water supply.

## Cold Weather General.

Marquette, Mich., Feb. 17.—Cold  
weather is general over Northern  
Michigan. The thermometer at Mar-  
quette shows 10 below zero, at Hough-  
ton 13 below, and at Michigamme 22  
below, with the mercury still falling.

## PILOTS' ASSOCIATION.

International Body Formed to Operate  
on Great Lakes.

Detroit, Mich., Feb. 17.—On the au-  
thority of Secretary Harry Barter of  
the International Longshoremen, Ma-  
rine and Transport Workers' associa-  
tion, the Detroit Tribune announces  
the organization of the International  
Pilots' association, affiliated with the  
Longshoremen and with the American  
Federation of Labor.

In the International Pilots' associa-  
tion masters are to be barred from  
membership unless they can show  
that they are not financially interest-  
ed in any vessels.

Captain John McGregor of Detroit  
is president of the new association and  
it is intended to embrace in the mem-  
bership not only pilots on the Great  
Lakes, but on the inland rivers, and  
the seaboard as well.

## Women Managers Meet.

New York, Feb. 17.—A meeting of  
the women managers of the Louisiana  
Purchase commissio. was held during  
the day. The only business done at  
the meeting was the reading of the  
report of the president, Mrs. Blair.  
The report was adopted.

## SAVED FIFTY PUPILS.

Brave School Teacher Prevents Their  
Death by Fire.

Springfield, Ill., Feb. 17.—Miss Mary  
Martin, teacher in the New Caldwell  
school at Thayer, Ill., by her bravery  
and presence of mind in a fire which  
destroyed the school, saved the lives  
of fifty of her pupils. With egress by  
the stairway cut off by flames, Miss  
Martin dropped her pupils from a sec-  
ond story window to the ground. After  
the last of the children had been re-  
scued the plucky instructor swung her-  
self over the window ledge and  
dropped to safety. Although several  
of the children were painfully hurt,  
none of the injuries will result seri-  
ously.

## Women Hear Bryan.

New York, Feb. 17.—Many women  
were present to hear William Jennings  
Bryan speak before the Woman's Dem-  
ocratic club in Brooklyn in the after-  
noon. It was in no sense a reception  
to Bryan for he himself said, "I have  
been restrained from taking part in  
anything like a reception for fear that  
my motives might have been miscon-  
strued."

## Weather.

Partly cloudy tonight and tomorrow with snow flurries.

The ground hog has been vindicated.

TAMS BIXBY now heads the Dawes Indian commission as chairman, a position in which he has been acting for several years.

The president has officially announced that he will appoint Page Morris as United States district judge for Minnesota. The salary is \$6,000 per year and the position a life one.

BRYAN once more announces that he will under no circumstances again run for president of the United States. William evidently thinks the public did not believe him when he made the previous statement.

To-morrow night will be held the meeting of the legal voters of the Brainerd school district to vote on the proposition of bonding the district for \$40,000 to build additions to the Washington and Lowell school buildings. The matter is one of great importance to every property owner in the district, and every one should attend and vote on the proposition. A new building for a high school is a necessity, and the addition to the Lowell building is required. But a high school should be centrally located to accommodate all parts of the city, and the Washington building, to which it is proposed to build an addition for high school purposes, is within one block of the southern limit of the city, while the north and northwest limit extends from one to over two miles away. This fact makes it impossible for any fair-minded person to support a scheme for locating a new high school there, as it would be a rank injustice to scholars living north of the center of the city. But it is the duty of all citizens to turn out to the meeting and vote on the proposition.

## W.M. TIFT ACQUITTED

Of the Charge of Grand Larceny in the District Court—Jury in Premo Case is Still Out

Last evening the jury in the case of the state against William Tift, charged with grand larceny, returned a verdict of not guilty, after being out but a short time.

Yesterday afternoon the case of the state against Arthur Premo was taken up, F. L. Bannon appearing for the defendant and County Attorney Crane for the state. Three different indictments were returned by the grand jury against Premo, one charging him with grand larceny and the other two with forgery in the first degree. The case was finished this morning and went to the jury shortly after 10 o'clock.

Premo was tried on the charge of grand larceny. It will be remembered that some two months ago he was arrested charged with the theft of a pouch belong to E. S. Conrad, of St. Paul, in which there were two checks, both made payable to W. S. Conrad, of St. Paul, the one being signed by M. K. Swartz and the other by A. Armstrong. The state had E. S. Conrad, the owner of the pouch, and Jerome Kelleher on the stand as the most important witnesses. They testified regarding the disappearance of the pouch from the cigar counter at the Globe. The jury is still out.

This was the last case on the calendar and Judge McClenahan this afternoon excused the petit jury.

## INSTITUTE IS INTERESTING.

Sessions Held this Morning and Afternoon at the First M. E. Church, at 9 a. m. and 2 p. m.

The sessions of the Sunday school institute for Crow Wing county were continued this morning at 9 o'clock at the First M. E. church. Rev. John Orchard had charge and some very interesting work was gone over.

This is really the first time that the task of apportioning the county into districts in the Sunday school work has been undertaken, and it is thought that the institute, if it accomplishes nothing more, will have filled a long felt want. The county has grown commercially and it has also made rapid strides in religious lines. The Sunday school, the most important adjunct to the church, has been well cared for in the county, but there is need of organization and concentration and this is the object of the institute being held in this city.

Rev. Mr. Orchard and Mrs. Jean Hobart have put new life into the work. The last meeting will be held this evening at 7:30 o'clock.

## MAN KILLED WAS OLD BRAINERDITE

Felix J. LaFond Killed by Train at New Richmond Lived in This City.

## HIS SISTER ALSO LIVED HERE

For a Long Time Identity of the Man was not Known by the Authorities.

It has been learned that Felix J. LaFonde, the man who was killed a short time ago by being hit by a train at New Richmond, Wis., was a former resident of this city and had many friends here.

For some time after the accident his identity was not known, but finally Mrs. Agnes Blattner, of Missoula, Mont., a sister of the deceased was located, and she came east to identify her brother. She was also a resident of this city at one time and has written friends here regarding the case.

LaFonde had only lately returned from the Philippines, where he served as a soldier during some of the worst battles with the Ladrones. He was 28 years of age. Mrs. Blattner is now visiting in St. Paul.

## MONS MAHLUM IS NEW MEMBER

Mayor A. J. Halsted has Named Him as a Member of the Library Board.

Succeeding J. N. Nevers.

Mayor A. J. Halsted has announced the appointment of Mons Mahlum as a member of the library board, under the new law just passed by the legislature. Mr. Mahlum will succeed J. N. Nevers, who declined to serve.

Mr. Mahlum is one of the staunch business men of the city, and the addition of his name to the board will be of great value. He is now a member of the board of education, and is therefore naturally fitted for the position, being deeply interested in the intellectual welfare of the city.

## MUSIC AND DRAMA.

### "MISS SIMPLICITY."

Frank Daniels engagement at the Brainerd theatre next Saturday Feb. 21st, is now so near at hand that his admirers here are already beginning to organize their parties and make their appointments preparatory to purchasing seats for his appearance. He is to bring a new piece, and this lends no little interest to his visit. This new offering is known as "Miss Simplicity" and so much has already been heard of the big success that it has made in New York, Boston and elsewhere, that it almost seems as if we were already familiar with its good quality. The new offering not only calls for a much larger company and a more elaborate and brilliant production than Daniels has ever before used, but it is said to afford the rotund little comedian himself the broadest opportunities to be funny after his own peculiar manner of any piece in which he has ever appeared. Great stress has been laid upon the high average of beauty that characterizes the chorus that surrounds Daniels this season.

### A NEW FIRM.

William Skinner and C. A. Schultz will Open a New Store in the Gardner Building on Laurel.

William Skinner and C. A. Schultz have rented store room in the building belonging to G. E. Gardner, on the corner of Fifth and Laurel streets. A store was formerly conducted there by J. Kreklau and A. Jobinski, but they have sold out.

The firm will be Skinner & Schultz and they will open for business tomorrow morning with a new stock of merchandise and new fixtures, and state that nothing but first class goods will be handled.

Both men are well known Brainerd draymen and are old residents of this city, having been engaged in business here for ten years. They have a large number of friends and a wide acquaintance and they will doubtless do well.

Council Takes Favorable Action on Procedure in the Tax Levy Matter.

President Crust presided at the meeting of the city council in chambers last night and the following aldermen responded to the roll call: Halladay, Gardner, Purdy Murphy, C. D. Johnson, Rowley, Gruenhagen, S. Johnson and Robertson.

The following report of finances for the month of January, submitted by City Clerk Low, was on motion received and placed on file.

A communication was read from Mayor Halsted in reference to the appointment of the library board. The list of names on the board was submitted and they were unanimously confirmed. It is not known whether this action on the matter by the council was necessary, but City Attorney Fleming thought that the council might as well be on the right side. If it is found that the action has no bearing on the case it would make no difference. Further than this the body did not consider the library question.

City Attorney Fleming was instructed to investigate the request of the draymen of the city, which was in effect that the word "draying", as used in the city ordinance, be defined. Mr. Fleming was ready to report upon the matter. He stated that he had looked the matter up, from an impartial standpoint, and he could find nothing in the charter that would convey any other meaning than that any one doing teaming, by the day or job for instance, could not be enjoined. In other words there is no provision to stop any one taking a job to team in the city at so much per day. It seems that the draymen are objecting to some of the draying that is being done by parties not legally licensed. The report was accepted.

Judge Fleming was also ready to report on the matter of taxes for road and bridge purposes, which has been fully covered in THE DISPATCH. The judge submitted a voluminous report, covering the facts in the matter and calling attention to the illegality of the levy over and above one mill per dollar of the taxable valuation of the county. His report was largely covering features in the levy and tax as appertaining to the city, and the figures submitted were entirely in reference to the municipality and not the outlying country. He reported having drafted the bill which has been sent to Senator Ferris, believing that the council would back him up in the matter, as this provides for a complete remedy and relief, so that anyone bringing suit to enjoin the county commissioners from making a levy in excess of the amount provided by law, brings it not only on behalf of himself but the case determined will be the guide of all other taxpayers relative to the matter in the county and will apply to all cases.

The judge submitted some figures which are interesting as regards to the interest of the city in the matter. He had prepared the following table, herewith appended, of the rate of levy, the valuation and the amount of taxes in all the different years from 1895, the year that the law providing for a 1 mill tax was placed upon the statutes, for the city of Brainerd:

Year Rate Valuation Taxes

1901	3.3 mills	\$1,677,000	\$ 5831 00
1900	1.7 "	1,725,000	2933 00
1899	2 "	1,603,000	3210 00
1898	1.3 "	1,573,000	2045 00
1897	1.7 "	1,601,000	1731 00
1896	1.2 "	1,617,000	1952 00
1895	2.45 "	1,378,000	3377 00

Total since 1895.....\$21089 00  
He then had a table showing the amounts levied in the city for three

years preceding 1895 when the commissioners had no legal authority at all to make the levy, not even the 1 mill. This totaled up to \$10,732.00.

Figuring the total excess for the years since 1895 it amounted to \$9,570.00. Adding the excess three years prior to that, or \$10,572, it makes a total excess of \$20,142 for the past 10 years. The city attorney then went on and stated that if this sum was added to the amount that was levied in the years prior to 1892 there would be not far from \$60,000 of taxes illegally levied against the city for the past twenty years.

Referring to the taxes levied outside the city in this manner he stated that if the above amount of \$60,000 were added to amounts on outlaying property, the total would not be far from \$120,000 in taxes taken without any warrant of law from the taxpayers of the county for road and bridge purposes. He stated that he wanted it understood that since 1895 the commissioners had a right to levy one mill tax for road and bridge purposes, but no more. He stated that the city had just as good a right to levy a tax against the property outside the city for city purposes.

Mr. Fleming stated that he had, at the request of the council, looked this up. He knew it to be very unpopular to meddle with the commissioners in the matter, but he looked into the question thoroughly and gave the facts as they now stand, regardless of public sentiment or opinion.

In answer to a query from one of the aldermen on the matter the city attorney stated that there was no way by which the city could legally make improvements on its streets except by special assessment, or by bonding, and the moment the cost of improvement exceeds the amount of charge against a specific piece of property, the assessment is illegal.

After the report was submitted a resolution was unanimously adopted urging the passage of the bill drafted by the city attorney.

The police committee, to whom was referred the matter of paying Officer Derocher and Brockway, during the month of January, during the time they were sick, made its report last night. They recommended that the officers be paid, but they gave it out cold that they did not wish to be understood as establishing a precedent in the matter, and any city employee thinking that they now had nothing to do but put in their time in such cases, better get it out of their heads. The report was on motion received and placed on file.

The special committee, consisting of Aldermen Robertson, S. Johnson and Gruenhagen, appointed to investigate rumors regarding the P. E. McCabe saloon, the application for a liquor license being laid over at the last meeting of the council, was not unanimous, but the majority ruled. Aldermen Robertson and Johnson had signed a report recommending that the application for license be rejected, but Alderman Gruenhagen had an adverse opinion on the matter. There was a tilt for a moment or two between Alderman Robertson and Chief Sargent. Alderman Robertson said that the stories told the committee on investigation by Mr. McCabe and the chief did not jibe. Chief Sargent got up before the council and told them just where he was in the matter, and Mr. McCabe, who was present verified the statement. It seems that the difficulty arose over Alvina Williams, who is claimed to have stopped at McCabe's place before she was married, with a man for three days. Mr. McCabe claimed that he did not know but that she was married to the man, until told by Chief Sargent to get her out of the place. Mr. Robertson stated that it did not make any difference; that when a license was granted to sell liquor, that the applicant usually knows what it is for, and this running a house of prostitution in connection with a saloon should not be tolerated. The report of the committee was on motion received and placed on file.

Then came the reading of the application for the license. Alderman Gardner moved that the bond be accepted and the license granted. The motion lost by a vote of four to six, the vote standing as follows: Ayes—Gardner, C. D. Johnson, Purdy and Gruenhagen. Nays—Crust, Halladay, Robertson, Rowley, Murphy and S. Johnson.

There were only two votes against accepting the report of the committee, Alderman Gardner and Purdy. In casting his vote against the proposition, Alderman Rowley made the statement that he was voting

against one of the best friends that he had, but as he had been diligent and had laid great stress on the matter of correcting just such evils in the city, he felt it his duty to vote against granting the license.

The board of City Engineer Woolman, for \$5,000, was on motion by Alderman C. D. Johnson, approved.

H. Katz had a communication in offering to buy the scrap iron at the power house at the mill, and to pay \$150 for the same. Alderman Rowley's motion that the proposition be rejected, in view of the fact that the council had received an offer of \$275 for the same, unanimously carried.

Street Commissioner Weitzel reported on the cost of paving Kindred street, in east Brainerd. The total cost of paving the street was \$1971.90. Two hundred and eighty-five cords of rock were used. The report was received and filed.

Alderman Rowley's motion that the chair appoint a committee of three to act in conjunction with the city engineer and to render him such aid as was possible in securing grades etc., did not meet with favor, as Alderman Halladay thought the rights of the street committee was being usurped.

Alderman Robertson had a holiday last week, Lincoln's birthday, and he took occasion to meander about the city and see how things were running. He walked over to where the crusher was at work and stepping to the door of the little shack where the dynamo is kept he said he saw Commissioner Weitzel asleep. He wanted to know if the city was paying its employees to sleep. Mr. Weitzel retorted that if he did not have any more manliness than to be sneaking around like that, that he did not think he was much of a worker in the interests of the city. Mr. Weitzel stated that Alderman Robertson never had anything to say regarding anybody's walks excepting his own. After the matter had quieted down President Crust said, "Anything further under this head?" Alderman Gardner provoked laughter by retorting, "Well, aint that enough?"

City Clerk Low was instructed to make a demand on Former City Engineer Whiteley for all city property, such as plats etc., in his possession.

A. L. Hoffman appeared before the board and stated that he owned ten lots in Southeast Brainerd; that there was an overflow of water on the lots every spring, but he could easily remedy this if allowed to dig a ditch. He was asked if it was a natural flow, and it was decided if it was that he would have no right to run the water on another's property. Mr. Hoffman stated that he did not wish to do this but wanted to know if there was some way he could drain the lots. He also stated that he wanted it ascertained whether he had bought a river. The matter was referred to the street committee to report at the next meeting.

The city council had an opportunity of listening to some of Col. C. D. Johnson's wit last night. The matter of the bill of \$1 for hauling a dead dog was referred to him, it being thought by some of the members that the bill had been paid once before at least. The following is the colonel's effulgence:

"Having been selected by this honorable body as a committee of one to investigate the bill herewith attached, of \$1 Hall, for hauling one dead dog to its last, long resting place, I wish first to express my appreciation of your confidence in my ability to discharge so 'delicate' a duty, which is of so much importance to the taxpayers of the city.

"You are aware, gentlemen, that the occasion of the necessity of this bill being investigated was the possibility of that dog being too frequently buried. Now I have carefully looked into this matter. Mr. Hall states positively that he has buried three different dogs, on three different occasions, during the last three months. The chief of police verifies this statement, and I am informed by the health department that the death rate of dogs has been very high this winter. In consequence of these facts and statements I am forced to believe the bill correct. At any rate let us believe the dogs are dead, 'most beautifully dead', and let us hope that more dogs will soon follow, even though their burial cost us a dollar. Gentlemen, I recommend that the bill be paid."

The bill was paid.

Council went into executive session and it is murmured that other saloon men are to be brought on the carpet.

for a destination which was not an-  
nounced, but which is believed to be  
Tucacas, where the troops and mun-  
itions will be landed to assist the gov-  
ernment in crushing the revolution.  
The revolutionists near Tucacas re-  
ceived during the night of Feb. 12  
360 boxes of ammunition, which were  
landed on the coast by the schooner  
Augusta and Prinzessin from the is-  
land of Curacao.  
Advices from La Guaria up to  
o'clock p. m. indicate that no steam-  
ers had yet reached that port.

**NAME THE UMPIRE.**  
United States May Request Queen  
Wilhelmina to Do That.  
Washington, Feb. 17.—Queen Wil-  
helmina of The Netherlands may be  
requested by the Washington govern-  
ment to name the umpire who shall  
pass on the claim of the United States  
against Venezuela in the event that  
the persons named by the United  
States and Venezuela cannot agree.  
The selection of Queen Wilhelmina  
was suggested by Mr. Bowen, and it  
is probable that the protocols soon to  
be signed by Mr. Hay and Mr. Bowen  
will provide that the queen shall name  
the umpire in the event of disagree-  
ment. This is intended as a compli-  
ment to the sovereign of the country  
at whose capital The Hague tribunal  
sits.  
Great Britain, Germany and Italy in  
their protocol provide that the King  
of Spain shall name the umpire.

**GREETED WITH APPLAUSE.**  
President Mitchell Speaks at Demon-  
stration in Chicago.

Chicago, Feb. 17.—Six thousand per-  
sons crowded the Auditorium at the  
demonstration of the local labor  
unions in honor of John Mitchell, pres-  
ident of the United Mine Workers.  
The greatest enthusiasm was shown  
when Mitchell appeared on the plat-  
form and his speech later in the even-  
ing was received with cheers.  
Mr. Mitchell did not speak at great  
length, but his speech was interrupt-  
ed at every few words by the applause  
of his audience. He declared that he  
was not one of those who believed in  
the trade unions as the ultimate, or  
that its formation was the final result  
to be obtained. The workmen of the  
world are, he declared, passing  
through a period of evolution, and that  
while everybody knew that conditions  
were changing, nobody could foretell  
what the final result would be. He  
was not one of those, he said, who  
made war upon capital, or denounced it.  
He spoke strongly in behalf of the  
principles of trade unionism. He  
warned his hearers that no strike was  
ever won by breaking the laws, for the  
reason that such conduct at once  
alienated the good will of the people  
and without this, no strike could be  
successful.

**The Mountain View Route.**  
—Shasta, or Shasta—Northern Pacific  
Route—it reads as well back-  
ward as forward—may well be  
called.

The route takes its name from Mt.  
Shasta in northern California. This  
white, snow capped peak, at the foot  
of which the Shasta route winds, is  
14,350 feet high. The mountain is in  
plain view for several hours from the  
train and its distance from the track  
varies from twelve to seventy-five  
miles.

The beautiful scenery of the Sacra-  
mento river at the base of Shasta, is  
connected with this route only.  
Castle Crags, Mossbrae Falls and  
the natural twin soda fountains at  
Shasta Springs are scenic gems.

The crossing of the Siskiyou range  
furnishes the par excellence of rail-  
way mountain scenery and observa-  
tion cars are furnished there free of  
charge. Then in succession comes  
Mts. Jefferson, Hood—a beautiful  
mountain—St. Helens, Rainier—14,  
532 feet high—and Adams, all for-  
mer active volcanoes and now covered  
with glaciers.

From Portland a steamboat ride  
up the noble Columbia river to the  
Cascades and Dalles enables the  
tourist to see a river, palisades,  
waterfalls and mountains far sur-  
passing anything the Hudson can  
show.

An opportunity is also given to  
visit Tacoma, Seattle, Victoria, Van-  
couver and the Puget Sound region.

Then follow the cascade range and  
the Rockies, and best of all, a stop  
can be made at Yellowstone Park.

This line traverses the finest scenic  
region of the United States—don't  
forget it, and see that your return  
tickets home from California read  
around this way.

The train service between Port-  
land and the Puget Sound country,  
and Duluth, Minneapolis and St.  
Paul via Spokane, Butte and Helena,  
is unsurpassed, including through  
trains daily, one of which is the  
noted "North Coast Limited."

Also Makes Public a Letter From the  
Former British Minister to Venezue-  
la in Which Charges Are Made That  
Mr. Bowen and His Secretary Were  
Partial to Venezuela—English Ad-  
miralty Officials Suggested Blockade.

London, Feb. 17.—A blue book on  
the Venezuelan dispute was issued  
during the evening. One of the dis-  
patches in the book is an official letter  
from the former British Minister at  
Caracas, W. D. Haggard to Foreign  
Minister Lansdowne, dated Trinidad,  
December 30, concerning the alleged  
detention of the British schooner Har-  
ry Troop by the Venezuelan govern-  
ment in an unhealthy place from May  
to November, 1902, whereby the crew  
were decimated by dysentery.

Mr. Haggard says in this letter:  
"I regret to say that it would appear  
that I placed too much faith in the  
complete accuracy of the statements  
of the secretary of the United States  
legation, W. W. Russell, as to the im-  
provement in the condition of the Har-  
ry Troop, etc., when he saw her. These  
statements may possibly be ac-  
counted for by the facts, which appear  
undoubted that Mr. Bowen was most  
anxious for reasons best known to  
himself, to represent the conduct of  
the Venezuelan authorities in the  
Most Favorable Light.

possible, and that he had inspired his  
subordinate in the same direction. To  
put it briefly, Mr. Russell did not dare  
to say a word outside the legation  
contrary to President Castro's mode  
of proceeding."

Another dispatch is Sir Michael  
Herbert's report to Minister Lans-  
downe on his disagreement with Min-  
ister Bowen, dated January 29. The  
British ambassador says in this report:  
"The Italian ambassador, the Ger-  
man charge d'affaires and I called to-  
night on Mr. Bowen. I informed him  
that we were forced to reckon with  
public opinion in England and that it  
might be necessary to fall back on the  
international tribunal at The Hague.  
We were unable to obtain a satisfac-  
tory answer from Mr. Bowen, who was  
very evasive. He ultimately made  
a statement in reply in the following  
terms:

"I object to paying first the claims  
of the allied powers and the claims of  
the other nations afterwards, because  
Firstly, I think it is  
Unjust, Unfair and Illegal

to tie the hands of the said other na-  
tion for a period of five or six years  
that it would take to pay the claims  
of the allied powers; secondly, if I  
recognize that brute force can alone  
be respected in the collection of  
claims I should encourage the said  
other nations to use force also; third-  
ly, if the allied powers wanted prefer-  
ential treatment they should have  
asked for it at the beginning."

Mr. Bowen added, however, that he  
was willing to grant a month's prefer-  
ence. This is the only mention in the  
blue book of the dispute between Sir  
Michael Herbert and Mr. Bowen.

The beginning of the blue book is  
taken up with long affidavits from  
British subjects in support of their  
claims against Venezuela for compen-  
sation for outrages, and Venezuela's  
counter protests with regard to the  
case of the steamer Banrigh.

**Willing to Take Joint Action.**  
The first important document re-  
cords a conversation between Foreign  
Minister Lansdowne and the German  
ambassador. In the course of this  
conversation Lord Lansdowne said:  
"We should be quite ready to confer  
with the German government with a  
view to joint action."

Germany, on August 8, suggested a  
joint naval demonstration. The British  
admiralty officers expressed the  
opinion that the best form for this  
demonstration would be a blockade.

The British foreign minister on No-  
vember 11 instructed Sir Michael Her-  
bert to put the British case before the  
United States government. Secretary  
Hay, in reply stated that his govern-  
ment "although it regretted that the  
European powers should use force  
against Central and South American  
countries, could not object to their tak-  
ing steps to obtain redress for the in-  
juries suffered by their subjects, pro-  
vided that no acquisition of territory  
was contemplated."

The blue book in general covers the  
ground already known, the salient fea-  
tures being the persistent endeavor to  
get President Roosevelt to arbitrate  
and the minute nature of the German-  
British agreement.

**NOT YET CONVINCED.**

German Press Loth to Accept Monroe  
Doctrine as International Law.

Berlin, Feb. 17.—The newspapers  
generally have little to say about the  
Venezuelan settlement. Those which  
reflect the government views affirm  
that Germany comes out of the affair  
measurably well, inasmuch as she ob-  
tains at the end of the negotiations all  
she asked for at the beginning. The  
papers which are independent of official  
influence, notably the Pan-German  
exponents and certain papers of reac-  
tionary tendencies, say that the only  
power which has come out of the af-  
fair with heightened prestige is the  
United States, that none of the Euro-  
pean powers has strengthened its po-  
sition and that the two great powers  
have been standing in the eyes of the  
world for two months in a deferential  
attitude toward the United States,  
practically asking permission to coerce  
an impotent state. Various newspa-  
pers allude to the Monroe doctrine in  
careful language, affirming that Eu-  
rope can recognize the doctrine as in-  
ternational law only after a congress  
of the powers has been held on the  
subject.

**MUCH WORK TO FINISH.**  
Life of Spanish Treaty Claims Com-  
mission Extended.  
Washington, Feb. 17.—President  
Roosevelt has extended for six months  
from March 2, 1903, the life of the  
Spanish treaty claims commission  
which, since its first meeting on April  
8, 1901, has been engaged in examina-  
tion of claims submitted to it under  
the law of March 2, 1902, creating the  
commission. The extension of the  
lifetime of the commission was made  
on a showing of the necessity therefor  
presented by Mr. William E. Chandler,  
president of the commission. The to-  
tal number of claims presented to the  
commission is 542 and the amount  
claimed \$61,672,077.

Of these claims 152 are for damages  
caused to enlisted seamen on the bat-  
tleship Maine, by the explosion in Ha-  
vana harbor on Feb. 15, 1898; 22 are  
for personal injuries received in var-  
ious ways from Spanish authorities; 14  
are for damages on account of both  
personal injuries and property losses;  
and 254 are for damages to real and  
personal property.

The 152 cases arising from the de-  
struction of the Maine have been dis-  
missed on the ground that individual  
claims do not arise in favor of the  
officers and seamen of a ship of war  
for injuries received while in line of  
duty and for which a foreign govern-  
ment is responsible.

**FLAGGED THE TRAIN.**

Illinois Farmer Undergoes Hardship  
to Avert Disaster.

Cairo, Ill., Feb. 17.—S. S. Glascock,  
a farmer, faced a blizzard in his shirt  
sleeves for more than an hour during  
the day to save 100 passengers on the  
Cleveland, Cincinnati and St. Louis  
railway. Glascock was frozen so that  
he had to be carried into the cars  
after he flagged the train near Harris-  
burg. Glascock, who was walking along  
the track, discovered a broken rail at  
a point where the embankment was  
four feet high. He knew that a  
southbound passenger train was about  
due and ran up the track to flag the  
train. He used his red lined coat as  
a flag and to make sure that his sig-  
nal would be seen by the engineer, he  
held the coat aloft on a stick, leaving  
himself unprotected in the blinding  
storm and zero temperature for more  
than an hour because the train was  
late.

Are you getting thin? If you are  
you had better watch yourself. Take  
Vinol. It will build you up quickly  
and surely.

A healthy man does not vary much  
from year to year in his weight.  
This is as it should be. Vinol enables  
the organs of the body to renew flesh,  
muscle tissue, bone structure, and at-  
tends to purifying the great vital cur-  
rent of the human system, the blood.  
Vinol contains the active curative  
properties of Cod-Liver Oil in a highly  
concentrated state, and is the most  
wonderful tonic that we have ever had  
anything to do with.

Vinol acts upon the stomach in a  
beneficial way, enabling it to obtain  
for itself the necessary ingredients  
from the food that is taken into it to  
build up the pure healthy body and in-  
crease the weight.

Mr. H. M. Stufell, who is a well-  
known passenger trainman on the  
Boston and Maine Railroad, suffered  
as many railroad men do, with kidney  
and other troubles. He writes as fol-  
lows:

"My kidneys troubled me a great  
deal, my bowels were very irregular, I  
had great distress in my stomach, suf-  
fered with bilious headaches, had no  
appetite, could not sleep nights, and  
was losing flesh rapidly. I began to  
take Vinol. I am now on my third bot-  
tle, and it is doing wonders for me.  
My kidneys are better, my bowels are  
again regular, my stomach no longer  
troubles me, and no more headaches,  
and as for appetite, don't speak of it;  
I sleep like a top and have gained  
thirteen pounds. You can count on  
me always to recommend Vinol as the  
king of medicines."

With many such testimonials as  
the above confirm before us, it is not  
strange that we endorse Vinol as  
strongly as we do. We unhesitat-  
ingly agree to return to any one  
who has taken Vinol and is not  
satisfied that it has accomplished all  
that we claim for it every cent that  
they have paid us for this remedy.
